Much Havoc Wrought Down the Coast.

MANY LIVES REPORTED LOST.

St. Augustine, Fla., Oct. 18.—All last night the hurricane drove waves over the sea wall and today the lower part of the city is flooded. Heavy damage to property and shipping will result.

Damage in Cuba.

Havana, Oct. 18.—When communication with the interior is cut off and the situation outside this city is in doubt, the town of Havana is said to be under water to a depth of many feet. A large number of lives have been lost there, according to reports. A report from Havana, across the harbor, says that many persons have been killed there.

It is rumored that a great number of sailors and longshoremen have been drowned in the harbor.

The gale came from the southwest with a violence not experienced before in a long time. Rain fell in torrents throughout the night, but let up somewhat at daylight though the wind held as strong as ever.

All traffic in this city and in the harbor were suspended. Scores of lights and other small craft have been swamped or wrecked against the bulkheads. All vessels in the port are double anchored. The steamers are under full steam. The word line steamer Saratoga which was due to sail on Saturday, remained in port.

No trains have arrived here since Saturday over the Florida East Coast railroad, being held up at West Jupiter on account of a serious washout. Relief trains have been sent from Miami and Jacksonville.

Continous rains have fallen for the past three days, and the country is now flooded.

NOT GUILTY PLEA OF DR. CRIPPEN IN OLD BAILEY TODAY

Arraigned Before Judge Arraigned in His Gown and Periwig.

Black Cap Upon Bench By His Side.

CROWN PROMISES ITS PROOF.

London, Oct. 18.—"I am not guilty." Standing alone in the prisoner's dock, of old Bailey, facing the judge with cool assurance, Dr. H. H. Crippen today entered a plea of not guilty to a charge of murdering his wife, Belle Elmore. The trial was opened immediately. The defense reserved only three challenges from the first panel. The king's counsel, R. D. Muir, opened the case for the crown. It is expected Crippen will know his fate in one week.

Lord Alton, chief justice of England, who is presiding, wore his gown and powdered wig, and at his side lay the terrible "black cap," which an English jurist must don before he can pronounce the death sentence. Crippen gazed nervously about the room. The prosecution said it would prove Crippen and Miss Leneve had been intriguing for three years to get rid of Mrs. Crippen.

Ethel Hollis Being Held.

Ethel Hollis, the girl found wandering on the streets last week, is being held at Riverside hospital pending an investigation of her mental condition. At intervals the girl appears irrational. Relatives in Memphis have wired a ticket for her transportation to her home, but it is not considered safe to send her to Memphis in her present condition.

DRUNKEN COLORED MAN STAGGERS INTO HOUSE

Staggering through the back door of the residence of Mrs. Florence McCurdy, who lay ill in her bed in the front room, WM. Williams, a negro, who was drunk, created a panic about 5 o'clock yesterday afternoon. Mrs. Thomas Thompson and Mrs. Thomas Lutz, who were in the room, were frightened out and Mrs. McCurdy, although weak and exhausted, crept from her bed in flight to escape. He was fined \$100 in police court.

FINES ARE PAID BY BAWDY HOUSES

LARGE FEES GO TO ATTORNEYS PROSECUTING THE CASES IN COURT.

As a result of the indictments returned by the grand jury last week, several lines have been paid by the defendants as agreed upon. Indictments against women for running bawdy houses have resulted in the following fines: Ella Howe, \$50; Jessie Leach, \$50; D. H. Blanchard, \$50; Ruth Hurrows, \$50. George Brownell was fined \$92 for renting a house for a bawdy house. Seventy-five per cent of the fines go to the commonwealth and county attorneys.

Tobacco Coming In.

The Planters' Protective association has approximately 10,000 pounds on hand at the Third street warehouse. Tobacco has been coming in from points in the county for several days and also some from Marshall county. It will be prized and Mr. M. M. Tucker, who has charge of the pricing and storing of the 1910 crop predicts a lively movement from now on. The receipts will be larger in the next few weeks and the present amount in storage is the first of the pledged crop to be sold next year. The past year saw an unusual sale and indications point to a much larger business in 1911.

Dirigible "America" is Abandoned Between Hatteras and Bermuda--International Cup Race Sighted.

New York, Oct. 18.—The first attempt to cross the Atlantic in a dirigible balloon came to grief early today. The America, with Walter Wellman and his crew, was sighted in distress due east of Cape Hatteras by the incoming Bermuda liner, "Trent." Siasconset, Mass., Oct. 18.—The Atlantic transport liner, Mesaba, reports her wireless operator this morning picked up a message sent from Walter Wellman's dirigible, America, through the steamer Olav, westward bound. The message placed the airship to the south of Sable Island. Only the end of the message was caught. While trying to pick up the Olav, the Mesaba passed beyond range.

Prescribed and Sold Hundreds of Bottles

Dr. J. C. Convery, a physician and chemist of high standing, extols the virtue of the great health restorer.

"There is always a great and lasting satisfaction to be derived from administering a remedy and obtaining the result desired and expected. I have been engaged in the practice since I graduated, over 45 years ago, both in pharmacy and medicine, and I have sold and prescribed hundreds of bottles of Duffy's Pure Malt Whiskey in cases to maintain and build up a patient's bodily resistance, and shorten the period of convalescence, and patients who complain of headache, biliousness, want of appetite, lack of vigor and ambition, and a general run down and exhausted feeling. I have found nothing more beneficial than Duffy's Malt Whiskey. I am positive of its being pure and unadulterated."—Dr. J. C. Convery, 119 Sixth Ave., N., Nashville, Tenn.

Be sure you get the genuine—imitations are impure and dangerous. All druggists, dealers and grocers, or direct, \$1.00 a bottle. Write if you are sick, it will cost you nothing to learn how to treat yourself. Medical booklet and testimonials sent free. The Duffy Malt Whiskey Co., Rochester, N. Y.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (50 cents' worth) in a pint bottle; then add the Sugar Syrup. It has a pleasant taste and lasts a family a long time. Take a teaspoonful every one, two or three hours.

The effect of pine on the membranes is well known. Pinex is the most valuable concentrated compound of Norwegian white pine extract, and is rich in gaulacol and all the natural healing pine elements. Other preparations will not work in this formula.

Not That Commercial.

"We Yankees are commercial," said Judge Albion E. Walcott, of Vermont, at a commercial travelers' banquet at Atlantic City, "but we're not as commercial as the southerner would make out."

The southerner declares that typical Yankee once visited the south. "Here," said a guide to him one day, "here, right in this room, sir, Washington received his first commission."

The Yankee brightened up. "What per cent commission was it?" he asked.—Louisville Times.

A Surprised Bishop.

The children of an infant school in Wales are taught very much by signs. The hand of the teacher signified "oblique"; the hand held flat, "horizontal"; the hand upright, "perpendicular." One of the Welsh bishops was preaching one day on behalf of the school, when, observing several children whispering together, he held his hand upright in a warning manner, meaning thereby, to suppress silence, on which almost the whole

school in the midst of the sermon shouted out, "Perpendicular!"—Idea.

Recently interviewed, he says: "I suffered a long time with kidney trouble and double and several well known kidney medicines, all of which gave me no relief until I started taking Foley Kidney Pills. Before I used Foley Kidney Pills I had severe backaches and pains in my kidneys with suppression and a cloudy voiding. On arising in the morning I would get dull headaches. Now I have taken three bottles of Foley Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and again feel like my own self."—Gilbert's drug store.

Mr. Wilson has never failed to show a big house here. Concerning his present production The Louisville Times said: "Besides being a German character comedian of appealing methods. Mr. Wilson charms the ear with songs. He is of the Joe Emmet school."

The St. Louis Globe-Democrat said last week:

"The singing ambassador of German dialect, melodious and jolly Al H. Wilson, yodler and model wearer of stage clothes suitable to the part he most affects, is once more at the Century theater, this time in his three-act musical drama, easily the best of all the Wilson plays, 'Metz

in Ireland." Wilson this year has a number of new songs, and he sings them in his best style. His dialect has, if anything, improved. Manager Ella has taken care to give the new gloves the most appropriate dress and in every act and scene it is good to look upon Metz in Ireland should, and surely will, find many takers at the Olive street house this week."

Margaret Anglin will be seen here at a date to be fixed.

MILD, GENTLE LAXATIVE FOR WOMEN GIVEN FREE

So many of the ills of women are due to habitual constipation, probably because of their false modesty on the subject, that their attention cannot be too strongly called to the importance of keeping the bowels open. It is always important to do that, regardless of the sex, but it is especially important in women.

From the time the girl begins to menstruate until menopause ceases she has always vastly better prospects of coming through healthy if she watches her bowel movements. If you find yourself constipated, with bad breath, simply complexion, headaches, belching gas and other symptoms of indigestion and constipation, take a small dose of Dr. Caldwell's Syrup Pepsin. It is a woman's favorite laxative. You will find that you can do away with salts, strong cathartics, etc., which

are entirely unsuited to woman's requirements.

Mrs. Katherine Haberstroh of McKees Rocks, Pa., and Mrs. A. E. Herrick of Wyand, Mich., who was almost paralyzed in her stomach and bowels, are now cured by the use of this remedy. A sample bottle can be obtained by addressing Dr. Caldwell, and after you are convinced of its merits buy it of your druggist at fifty cents and one dollar a bottle.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him to Dr. Caldwell, 544 Caldwell building, Monticello, Ill.

NO EXCUSE THIS TIME.

Weather conditions are altogether favorable and there is no excuse for the voters not going to their respective precincts today and registering. There are four hours yet in which to register, as the polling places will remain open until 9 o'clock tonight. This is a duty we need scarcely urge on all good citizens.

The quadrennial real estate assessment will be made next year, based on the valuations returned by the special commission, which has been working with the block map for several months. The city administration, as is well known, has published a program of public improvement and economical use of the city's funds, to accomplish which will require the co-operation of a general council in sympathy with the aims of the administration. The general council elected in November will fix the tax rate for the year upon the new real estate valuations. This work is important and will require the careful consideration of a businesslike general council.

Another majority election is coming a year hence, and this work must be done without reference to its effect on the political fortunes of any of those taking part in it. If a general council is elected, whose leaders are turning everything to account to discredit the present administration and make possible the election of one of their number mayor, the taxpayers will suffer.

The citizens must look to this in the election; but first they must register, and this evening affords them the last chance.

Even a sick man can get out a day like this and perform so slight a duty as asking for a registration certificate.

Remember, if you don't register today, you can't vote in November.

TWO DEATHS.

Two notable persons died within a week: Julia Ward Howe and Senator Jonathan Dolliver, of Iowa.

The latter, a sterling, honest man, is one of the few older senators, who

having never been a crusader, joined the progressive movement in his party when he saw how his people stood, and refused to stand out against the will of the majority.

Julia Ward Howe, is chiefly known as the author of "The Battle Hymn of the Republic," written after a visit to the Army of the Potomac in camp near Washington. She had been a leader of thought, a worker for the emancipation of her sex, and a frequent contributor to the magazines. She was a fine specimen of the best blood of the nation, numbering among her ancestors Roger Williams, General Marion, the "Swamp Fox" of the Revolution, and Governor Samuel Ward, of Rhode Island. She was 91 years old, but retained her remarkable mentality almost to the hour of her death.

FRAMING THE TARIFF.

"Mr. Cleveland seemed to be sincere in his purpose to fulfill that promise in his platform, but he was not a lender of that character who could control the dominant influences of his party in congress. The result was, and after a long wrangle in congress, the Wilson bill was passed, and that bill was a complete repudiation of the Democratic platform, and the promise made the people. To guard against a repetition of that failure, the Democrats in every congressional district in America and in every legislature, should elect men that they know will stand faithfully by the party's promises and its policies. The power and influence of wealth and of those interests which thrive upon special legislation, are already at work within the Democratic party, and in anticipation of Democratic victory, are preparing to secure the election of enough Democratic traitors, who together with the Republicans, would again block all measures of reform and relief," says the Kentucky State Journal.

We are interested in the State Journal's admissions concerning the Wilson bill only to the extent of the remedy it proposes.

What are the "party's promises and policies" by which the representatives can stand? They are not to be sent to Washington to enact a law, saying, "We hereby adopt the tariff for revenue only policy for the United States." The tariff is made up of specific rates of duty placed upon specific articles; and the representatives are expected to go over every rate on every article and establish it as the law. It isn't whether you call it "Protective" or "Revenue tariff"; it is the specific rates that affect the country. And what promises has any congressman made to the people, regarding any rate on any one thing; how can he make a promise? Here are hundreds of representatives from hundreds of sections of the United States, interested in hundreds of kinds of enterprises. Not one in a score of them knows anything about any one article of the thousands to be scheduled, and, perhaps, not one of them knows more than a half dozen related articles. Not one constituent of any congressman in a thousand knows anything about any article to be placed on the tariff schedule. How can these congressmen make promises about the tariff that amount to anything, or if they did, what would their constituents know about the wisdom of the promise?

If the Democrats are called on to frame another tariff they will frame it the way the Wilson tariff was framed and the way Republicans frame the tariff. Those representatives, who favor special interests, will pay no attention to any scheduled, excepting those they are interested in and will unite their votes for what they desire. Those, who have only the welfare of the people at heart, will be absolutely ignorant of the subject, with only their party caucus to guide them. That fact was brought out in the passage of the Payne bill, when over half the Democrats voted for excessive rates on certain articles, over half the Republicans did the same thing, and the others were gagged in caucus. That is what was wrong with the Wilson bill; that is what is wrong with every tariff bill that has been framed by Republicans or Democrats.

It is hardly becoming for the Republicans to say the Democrats are iniquitous, or for the Democrats to say the Republicans are iniquitous, when they both do the same thing under the same circumstances. Something is wrong with the circumstances, don't you think?

Republicans and Democrats are much alike; all human, all mostly honest, when they can afford to be; preferring right from wrong, but usually finding out what is right, by first learning what is wrong in the customary manner of acquiring such knowledge, Republican or Democrat, a man has to get knowledge on a subject, before he can net intelligently.

The editor of the State Journal presumes to criticize the Payne tariff. We doubt whether he could name a single rate off hand; or if so, could tell whether it be wrong or why; and if wrong, what specific rate would be just, and why. We don't look down upon the editor of the State Journal on account of his ignorance; we don't know any more about it than he does. Maybe we both think paper ought to be on the free list; but the fellow who manufactures it thinks the tariff is too low. There you are. Who's right? We've got to persuade the country on that subject, and the most influential combination in the country, the press, has been unable to entirely dominate

Dr. Torrey Talks About Personal Work.

Morning Address at Auditorium Concerning Power of Holy Spirit—Prayer Services Tomorrow.

TOMORROW'S PROGRAM.
9 to 9:35 a. m.—Prayers in the homes by all Protestant Christians.
3 p. m.—Prayer service at Auditorium, Tenth and Broadway.

Tomorrow is the special day for fasting and prayer for the success of the Torrey revival in this city, and it is expected that Protestant Christians of the city will spend the day in fasting and prayer with special observances at the hours designated. This afternoon Dr. Torrey is addressing the ministers of western Kentucky and southern Illinois at the Baptist headquarters, North Fifth street.

Tonight Dr. Torrey will speak at the auditorium on the "Most Important Question a Man has Asked or Can Ask."

Last night he continued his theme of Sunday night—"Reasons Why Some People Hesitate to Accept Christ." Mr. McEwan sang with that wonderful tenor voice the gospel hymn, "Some Day We'll Understand."

congress; which speaks something for the party in power.

There is only one way, we, who consider ourselves consumers, can place ourselves on an equality with the special interests, no matter what party is in power, and that is by the work of a commission of experts employed by the government to acquire all the data necessary for the proper framing of a tariff. The editor of the State Journal may favor free trade and we may favor Protective tariff; but if either of us approaches the actual work of framing a tariff ignorantly, we are going to be taken advantage of, or make fatal blunders in our work. That is too obvious for even a politician to deny.

Work of the Holy Spirit.

In his sermon this morning on "The Work of the Holy Spirit," Dr. Torrey said in part:

"Our salvation begins experimentally with our being brought to a profound sense that we need a Savior. The Holy Spirit is the one that brings us to this realization of our need. We read in John xvi, 8-11, 'And He, when He is come, will convict the world in respect of sin, and of righteousness, and of judgment of sin, because they believe not on Me; of righteousness, because I go to the Father, and ye behold Me no more; of judgment, because the prince of this world hath been judged.'"

"We see in this passage that it is the work of the Holy Spirit to convict men of sin. That is, to so convince them of their error in respect to sin as to produce a deep sense of personal guilt. We have the first recorded fulfillment of this promise in Acts ii, 36-37.

"The Holy Spirit is the only one, who can convince men of sin. The natural heart is deceitful above all things and desperately wicked, and there is nothing in which the inbred deceitfulness of our heart shows more clearly than in our estimation of ourselves. We have strange power of exaggerating our imaginary virtues and losing sight utterly of our defects.

The longer and more thoroughly we study human nature the more clearly will we see how hopeless is the task of convincing other men of sin. We cannot do it, nor has God left it for us to do. He has put this work in the hands of One who is abundantly able to do it, the Holy Spirit. One of the worst mistakes that we can make in our efforts to bring men to Christ is to try to convince them of sin in any power of our own.

The Holy Spirit also convicts the world of judgment. There is a great need today that the world be convinced of judgment. Judgment is a doctrine that has fallen to the back ground, that has indeed, almost sunk out of sight. It is not popular today to speak about judgment or retribution, or hell."

Personal Work.

There is one more thing I wish to say before I close, and that is that though it is the Holy Spirit who convicts men of sin, He does it through us. That comes out in the first verses I read, John 16: 7, 8 "Nevertheless I tell you the truth; it is expedient for you that I go away; for if I do not away, the Comforter will not come to you; but if I depart, I will send Him unto you. And when He is come, He will reprove the world of sin, and of righteousness, and of judgment." This tells us that the Holy Spirit comes to the believer and that when He comes to the believer, He convicts the world through the believer of sin.

As far as the Bible reveals, the Holy Spirit has no way of getting at unsaved men and women except through the agency of men and women who are already saved. Read the conversion in the Acts of the Apostles. Every one of them was through human instrumentality. Take for example, the conversion of Saul of Tarsus. If there was ever a miraculous conversion, it was that of Saul of Tarsus.

The glorified Jesus appeared to him on the road to Damascus, but nevertheless, Saul of Tarsus was not saved until a man was brought on the scene of action, and through the instrumentality of Spirit-filled Ananias, he was led to an open confession of Christ. Take the case of Cornelius, if there was ever a miraculous conversion, it was that of

him; na angel appeared to him as he prayed, but he was not saved through the instrumentality of the angel. The angel said to him, "Send to Joppa for a man named Peter, and he will tell thee words whereby thou shalt be saved, and not until Spirit-filled Peter was brought on the scene of action was Cornelius saved. This is very solemn. Just to think of it, that the Holy Spirit has no way of getting at the unsaved in Paducah, except through the instrumentality of men and women who are already saved. If we realized this as we ought, would we not be more careful to provide for God in our own lives an unobstructed channel through which He might work.

It is probable that there is some unsaved person in Paducah dependent for their salvation upon each one of you who are here this morning, and if the Spirit of God does not get at them through you, He cannot get at them at all. Oh, how many men and women there are in Paducah who are unsaved because some of you are obstructed channels, through which the Holy Spirit cannot work.

A woman once came to Mr. Moody in Philadelphia and said, "Mr. Moody, will you pray for my husband?"

Mr. Moody replied, "No, I will not."

Startled at his answer, she said, "Why not?"

"Because," Mr. Moody replied, "I believe that you yourself are the greatest obstacle there is in the way of the conversion of your husband."

The woman was angry and went home and said to her husband, "Mr. Moody insulted me today."

"That is very strange," replied her husband, "I did not suppose that Mr. Moody would insult any woman. What did he say?"

"He said that I was the greatest obstacle that there was in the way of your conversion."

"Well, aren't you?" replied her husband.

And some of you women here this morning, who profess to be Christians are the greatest obstacles there are in the way of the conversion of your husbands and your sons. How can God get at that husband through you when you are more fond of cards, theater, and other follies than you are of God? Will you clear out the channel today, in order that the Holy Spirit may reach your loved ones through you?

Then there are others whose lips the Holy Spirit wishes to use, but you will not put your lips at His disposal.

A New York pastor some years ago was called to conduct the funeral of a young lady. The young lady was not a member of his own congregation and he went to her pastor and said, "Was Mary a Christian?"

The pastor replied, "I don't know. Three weeks ago I had a profound impression that I ought to speak to Mary about her soul, but I put it off. I said to myself, 'Mary is in my congregation every week. I can speak to her when I will,' and now Mary is dead, and I do not know whether Mary was a Christian or not."

The minister then went to her Sunday school teacher and said, "Was Mary a Christian?"

The Sunday school teacher replied, "I don't know. Two weeks ago I had an impression that I ought to speak to Mary about her soul, but I put it off. I said, 'Mary is in my class every week and I can speak to her about her soul when I will, but Mary is now dead, and I do not know whether Mary was a Christian or not.'"

He then went to her own mother and said, "Was Mary a Christian?"

Sadly the mother replied, "I don't

know. A week ago I had a deep impression that I ought to speak to Mary about her soul, but I put it off. I thought to myself, 'Mary is here in the house with me every day. I meet her three times a day at the table. I meet her often about the house. I can speak to her when I will, so I put it off and now Mary is dead, and I don't know whether Mary was a Christian or not.'"

Three pairs of lips that the Holy Spirit was trying to get the use of, the three pairs that one would naturally think would be most at His disposal, the lips of her pastor, of her Sunday school teacher and of her mother, and He could not get the use of any, and Mary died without Christ. The Spirit of God is trying to get the use of your lips to speak to your husband, your brother, your son, your Sunday school scholar, Oh, Christian men and women, put your lips at the Holy Spirit's disposal, and see to it that your lips are of such a character that the Holy Spirit can use your lips.

Jacoby's Talk.

The Rev. William R. Jacoby's talk this morning to his class of personal workers at the Auditorium was a continuation of his subject yesterday, "How to Deal With Those Devoid of Feeling." Mr. Jacoby said some people think they ought to have the joy of salvation before being saved, and are not willing to accept Christ because they are unmoved by some feeling.

There are times when we should be thankful if we feel to get justice.

Kentucky Girl to Marry Italian Diplomat.

The Baltimore Sun makes special mention of an approaching wedding that has its special interest here and throughout west Kentucky.
"Announcement is made of the engagement of Miss Eleanor Terry, only daughter of Rear Admiral Silas W. Terry, of the United States navy to Lieutenant Filippo Canterio, naval attaché to the Italian embassy at Washington. The culmination of this international romance begun last year, will be the smartest wedding of the autumn season. The ceremony will take place the last week of November and will be followed by the departure of the diplomat and his bride for Italy, where they will make their home."
Miss Terry is a strikingly handsome girl and visited here several years ago with her parents. She is the niece of Mrs. Mary Burnett of this city. Admiral Terry is a notable Kentuckian, a native of Cadiz, Trigg county, but has made Washington his home since retiring from the navy. Mrs. Burnett will leave soon for Washington to attend the wedding.

IN SOCIAL CIRCLES

For the House of Governors.
Governor and Mrs. A. E. Wilson will entertain with a big reception, at the Mason on the evening of the twenty-ninth of November in honor of the governors and their wives attending the Governors' convention.
As this will be the only evening in which the distinguished guests will be in Frankfort, it will be Governor and Mrs. Wilson's privilege and pleasure to monopolize them.
There will be an entertainment given in Lexington for the governors and their wives, and two big affairs are being planned for them during their stay in Louisville.—State Journal, Frankfort.

We Band-Foss.

The following from the Nashville Banner is of interest here, where the charming bride has been a popular visitor and the bridegroom a popular resident:

"Of much social interest was the brilliantly solemnized marriage in Ithaca, N. Y., on Saturday evening of Miss Eunice De Bard, daughter of Mrs. Laura Davis De Bard, and Mr. Howard Coburn Foss. It took place at the First Presbyterian church in Ithaca. A round of complimentary pre-nuptial affairs was given for Miss De Bard, who attended school in Nashville a few years ago and has many friends here.

"The first of the pre-nuptial affairs for Miss Eunice De Bard was a delightful card party on last Wednesday, given by her maids, Misses Clark, Edgar, Kilbaine, Willis and Patterson. The reception halls were effectively decorated in autumn flowers and foliage and the game of progressive whist was enjoyed, the score cards being lent with brides' heads apropos of the occasion. Tempting refreshments were served on the card tables. The bride-elect was very attractive in a gown of rose satin made after a French model, trimmed in self-toned and black velvet, with steel beaded passementerie and panels of baby Irish lace veiled with Persian chiffon. She wore a black velvet picture hat with plumes and steel fringe.

"Another very delightful entertainment complimentary to Miss Eunice De Bard, a bride of the week, was given Thursday night by her nation of honor, Mrs. Henry L. Freeman, formerly Miss Lottie Nicholson, of Birmingham, Ala., at her attractive home on Linden avenue. The reception hall and parlors were elaborately decorated. Green vines twined the stair case, and autumn leaves were massed everywhere, forming a background for the tall vases of pink carnations and other cut flowers. Tiny hand-colored brides' slippers were used to draw partners, after which each couple was given a little heart-shaped book painted in cupids and other bridal emblems in which they were to write letters of advice to "The Newly Weds." These letters were read aloud by the honoree, causing a great deal of merriment. A musical program was given by Miss Nina Nicholson of Birmingham, Ala., and Mr. J. W. Routh. The loes were in pink hearts and white doves, pink and white being the color scheme for the wedding. Mrs. Freeman was very handsome in a lovely gown of yellow satin veiled in pale blue chiffon and trimmed in bands of Oriental beads. The guest of honor was a charming picture in a very French and becoming costume of peach bloom satin, with an overdress of pale blue satin striped chiffon caught in at the knees with a band of pink velvet edged with brown fur. The front panel was of gold lace over the pink, and large medallions of coral and gilt beads with pink velvet and brown fur formed the corsage trimming. In her dark hair she wore a band of pink velvet held in place with rhinestone ornaments."

Mr. Leavitt's Lecture.

A capacity audience greeted Mr. W. H. Leavitt last night at the Three Licks building in the second lecture of his Artist Life in Paris series, testifying to his steadily growing popularity in Paducah. Mr. Leavitt carries his hearers with him in a very accessible way, and is most interesting in his delineations. At the close of the lecture he described his notable painting, "The Last Supper."
Mr. Leavitt's last special lecture of the series will be given on Thursday afternoon at 2 o'clock at the Three Licks building.
The picture, "The Last Supper," will be on exhibition every day from 9 a. m. to 9 p. m. until after Thursday.

MAY SHAVE MORE CLOSELY.

Many Men Would Not Do Without Poslam, Which Soothes and Heals

While the application of poslam, the new skin remedy, after shaving is one of its minor uses, such as for pimples, the complexion, etc., shavers have found it a revelation, as it does for abrasions, roughness and severe scraping what it does in all manner of skin difficulties—beals and cures in a few hours. Poslam's great antiseptic and curative value enable it to tone up the skin as no toilet preparation possibly could. Any infection, such as barber's itch is quickly cured for poslam's primary work is the rapid healing of such serious skin diseases as eczema, acne, tetter, salt rheum, etc. "Poslam is the best and quickest cure that I have seen in my 25 years' experience in the barber business," says Frank J. Kammerer, Racine, Wis.
A sample of poslam (mailed free) will tell the whole story. Write for it to the Emergency Laboratories, 32 West Twenty-fifth street, New York City. Poslam is sold in two sizes (trial 50 cents; regular jars \$2) by all druggists, particularly by Gilbert's and R. W. Walkers Co's.

Mr. Charlie Gholson and Mr. Webb of Mamella, both entered school here last week and are making fine students, and, if they continue until they finish the A. B. course, the K. W. S. will have reasons to be proud of them.

Three new students matriculated in the Kentucky Western school here last Monday morning, and several others will enter later this week.

Two young ladies from a distance, scented board with Mr. and Mrs. R. C. Farthing, and in a few days will take up their studies in the school here.

The Kentucky Western school here under the management of Prof. W. T. Harrison, has made an unusual record of almost quadrupling her attendance the third week.

Lone Oak with seven graveled roads leading from every direction into her bounds, and a thrifty, enterprising, moral population, with three churches and commodious homes wide open for the accommodation of pupils, is an ideal place for a chartered institution of higher education, such as the Kentucky Western school is, which has graduated and sent out some noble young men who have led their classes in higher institutions and they are not ashamed of their alma mater either.

Rev. W. J. Naylor preached here at the Methodist church last Sunday morning and night. A large crowd listened to his discourse Sunday morning on "The Church," and at night on "What Think Ye of Christ?"

Dr. R. C. Gore and Mr. Hardy Sanderson are both erecting beautiful concrete homes, and when completed will be very attractive and add much to the town.

Mrs. Dora Laxton, of Epperson, has rented the home place of Mr. J. L. Randolph, and will move in a short time, so as to have the benefit of the school privileges for her children. She expects to bring two or three

Mr. Penn—They say the streets in Boston are frightfully crooked.

Mr. Hubb—They are. Why do you know, when I first went there I could hardly find my way around.

WASH THAT ITCH AWAY.

It is said that there are certain springs in Europe that give relief and cure to Eczema and other skin diseases. If you knew that by washing in these waters you could be relieved from that awful itch, wouldn't you make every effort to take a trip to Europe at once? Would you not be willing to spend your last cent to find the cure?

But you need not leave home for these distant springs. It's right here in your own home town!

A simple wash of Oil of Wintergreen, Thymol and other ingredients, as compounded only in D. D. D. Prescription will bring instant relief to that terrible burning itch, and leave the skin as smooth and healthy as that of a child.

If you have not already tried it, get at least a 25-cent bottle today. We assure you of instant relief. R. W. Walker & Co., Fifth and Broadway.

Mosquito Poisoning.

The pestiferous mosquito is holding high carnival in the city tonight; neither green nor bar excludes him from the bed-chamber; he seems to permeate the cracks and crevices and sing his nocturnal lullabies till we are exhausted and lose consciousness in sleep, when he gives us a hypodermic injection of malaria and other diseases according to his venom; from these conditions there is no escape; oil on ponds and gutters, now will not save us from this disease breeding and death dealing monster; but it is a pleasure to know that while Flays Specific will not save us from these conditions, it will cure us of these poisons by purifying the blood and removing the cause for hills and fever.
